

REMARKS

This amendment is responsive to the *Final Office Action* of September 17, 2008. Reconsideration and allowance of claims 2, 4, 5, 10, 13, and 15-25 are requested.

The Office Action

Claims 2, 4, 5, and 10 stand rejected under 35 U.S.C. § 112, second paragraph, but were indicated as containing allowable subject matter if rewritten to overcome the 35 U.S.C. § 112 rejection.

Claims 13 and 15-25 stand allowed.

The Claims are Now in Condition for Allowance

Claim 10 has been amended as suggested by the Examiner in order to overcome the 35 U.S.C. § 112 rejection. Specifically, “electrode” in the last line has been replaced with “electrically conductive fabric” which finds antecedent basis in line 2.

It is submitted that with this amendment, claim 10 complies with the requirements of 35 U.S.C. § 112, and complies with the other statutory requirements. An early allowance of claims 2, 4, 5, and 10 is hereby requested.

The Present Amendment Should Be Entered

The present amendment should be entered as merely addressing a 35 U.S.C. § 112 issue. Moreover, claim 10 has been amended along the lines suggested by the Examiner.

Further, it is submitted that this amendment raises no issues that would require further search or consideration.

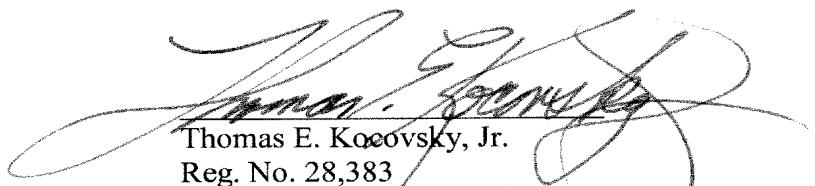

Finally, this amendment should be entered as placing the application in condition for allowance.

CONCLUSION

With this amendment, it is submitted that claims 2, 4, 5, 10, 13, and 15-25 distinguish patentably over the references of record and meet the other statutory requirements. An early allowance of all claims is requested.

Respectfully submitted,
